EMERGING ISSUES IN HOMELAND SECURITY

MEDIA SAVVY, PART 1

164-0005

At worst, fire service and law enforcement agencies experience a hate-hate relationship with the news media that can hamper firefighting and crimefighting efforts, as well as keep the public from knowing information it needs and/or has a right to know. At best, healthy relationships between media and police and fire departments can result in accurate news coverage and positive public sentiment. Part 1 of Media Savvy explains what reporters are looking for and how you can provide information without revealing anything confidential.
